The SNDBX

Where the Village comes alive

Imagine a world where growing businesses have access to timely, innovative and personalized solutions.

Imagine an all-access pass to more than 30 professional service providers who provide relevant, local interventions, solutions and tools for African businesses, within a vibrant, collaborative entrepreneurial community rooting for each other to succeed.

Imagine a one-stop shop where ambitious business people can access mentorship, coaching, consulting and training services within a supportive and empathetic environment.

This is the SNDBX.

The SNDBX

is a first-of-its-kind Business Growth Accelerator that is modeled after the African village

where the principle of pooling resources, knowledge and experience for the holistic growth, empowerment and success of entrepreneurs who come to the SNDBX.

Developed from over 10 years of working with SMEs and entrepreneurs, the Village Formula takes the spirit of collaboration and mutual benefit, applying it to professional service provision. The SNDBX brings together experts who work to ensure that entrepreneurs and their enterprises can sustainably flourish in the demanding environment of different crises and circumstances.

What we do

We provide simple, practical and impactful solutions.

Our primary objective is to cultivate better businesses by building entrepreneur knowledge and capacities to upscale your business.

Training

Knowledge building and up-skilling offered to entrepreneurs and/or their employees.

Workshop

Hands on sessions to develop practical solutions that you can apply immediately.

Consulting

Structured engagement to solve your unique business challenges.

Coaching

One-on-one sessions with a business coach or business expert to strengthen your business' foundations.

Networking

Making meaningful and profitable connections with entrepreneurs within the community.

The SNDBX Engines

Ships, aeroplanes and other complex vessels need multiple engines to propel forward.

The SNDBX experts are organised into five engines that serve the multifaceted needs of small enterprise businesses.

The collaboration, engagement and interaction between the experts within these engines leads to the creation of innovative products, tools and services that empower SMEs to better serve their customers and efficiently use their resources in order to grow sustainably.

The Engines are the means through which the SNDBX delivers value to entrepreneurs.

Reach Engine

Reach your clients and create an understanding of why your business exists.

Value Engine

Bringing ideas to life and ensuring customer delight

	Digital Marketing
	Brand Strategy & Brand ID
	Public Relations (PR)
	Market Strategy
